## EDUCATION

### BSc (Hons) in Information Technology Specializing in Software Engineering

- Sri Lanka Institute of Information Technology (SLIIT), Sri Lanka
- Expected Graduation: October 2026

### Primary and Secondary Education

- Siri Piyarathana National College, Padukka
- Mahinda Rajapaksha College, Homagama

## SKILLS

- C
- C++
- Java
- Python
- HTML
- CSS
- PHP
- JavaScript
- React
- Node JS
- MySQL
- MongoDB
- Flutter
- Kotlin
- Git

## LANGUAGE

English - Intermediate

Sinhala - Proficient

## ABOUT ME

I am an innovative Software Engineering undergraduate dedicated to developing efficient and reliable software solutions. My core values include integrity, teamwork, creativity, curiosity, and a passion for continuous learning. With a strong foundation in programming and problem-solving, I approach every project with honesty and a collaborative spirit, seeking innovative solutions and staying updated with the latest technologies. I thrive in dynamic environments, leveraging my technical skills and core values to drive technological advancements and deliver impactful results.

## PROJECTS

### GamerTech - Packaging App (Flutter)

- Developed and contributed to the packaging app using **Flutter**
- Developed to get MAC address of item using ble, get serial number by nfc and scan and store item details and package id by QR scanner.
- Collaborated with a team to ensure seamless integration of frontend components with backend services.

### Online Gym Management System (MERN)

- Developed web application for a gym & fitness center using **MERN** Stack as group project.
- Worked closely with a team to ensure seamless integration of contributions via Git.
- Focusing on developing a dynamic web application utilizing APIs.

### Online Event Management System (JAVA)

- Developed web application called "Event.lk" for managing events and user registration to the events using JAVA as part of the OOP group project
- Implemented CRUD Operations with JAVA and MySQL database for effective data management.

## VOLUNTEERING MEMBER

LEO Club of SLIIT
